#### **Safety and Maintenance**

# 1. Important Safety Instructions 🗥

- Keep children away from all moving parts of the chair.
- Connect the device to an earthed electrical socket
- Remove the electrical plug from the socket after use and before cleaning to avoid personal injury or damage to the device.
- Only use the chair as instructed in this operating instruction manual.
- Do not use any additional parts or components which are not included in this scope of delivery.
- Never use this device outside or on a balcony or terrace.
- Please read the operating instructions carefully before using the device.
- All types of use which are not described in this manual are prohibited
- Es empfiehlt sich, das Gerät nicht länger als 20 Minuten pro Massage zu nutzen.
- Please do not use this device if:
  - the leather is torn or damaged.
  - any of the covers are broken or damaged
  - the heating or ventilation vent is covered up or blocked.
  - If you have consumed excessive alcohol or you are feeling sick or unwell
- Wait for at least an hour after a big meal before using the device.
- Do not fall asleep on the chair during a massage.
- To avoid injury, do not turn the massage function up too high.

#### Installation Location 🗘 2.

- Please do not use the device:
- In rooms with high temperatures and/or in rooms with a high humidity.
- When the room temperature varies rapidly or quickly
- In very dusty rooms
- In any location where there is not enough space for the necessary ventilation.

#### **Safety and Maintenance**

# 3. Personal Conditions 🗘

- If you suffer from any of the following ailments or illnesses, we advise against using this device:
  - Osteoporosis
  - Heart problems or heart disease
  - If you have a pacemaker or any other electronic medical device
  - High temperature or fever
  - Any open wounds
  - Skin diseases
  - During pregnancy or menstruation
- If your doctor has ordered you to rest, we also advise not to use this device.
- Children under the age of 14 years should not be allowed to use this chair without supervision.
- Do not use this device if your body is wet or damp.

# 4. General Safety Instructions \Lambda

- Check the electrical supply voltage before turning the device on for the first time.
   Do not remove the electrical plug from the socket with wet hands
- Keep water or any other liquids away and avoid them getting into the device
- Do not damage any cables and do not exchange any circuits on this product.
- Do not use wet or damp cloths or similar to clean electrical components like switch-
- es or electrical plugs.

   Keep away from the device during a power cut to avoid being injured when the
- electricity goes back on.
- Please stop using the device immediately if any kind of malfunction occurs.
- Also stop using the device if you start to feel unwell.
- If the electrical cable is damaged, remove the plug from the socket and contact the supplier or another qualified electrical technician for a replacement.
- Children must be supervised when they are near the unit.
- The device is not suitable for use by persons with diminished physical, sensory or mental abilities. It is also not suitable to be used by inexperienced or unknowledgeable persons (eg children) without supervision.

#### **Safety and Maintenance**

### 5. Service and Maintenance 🗥

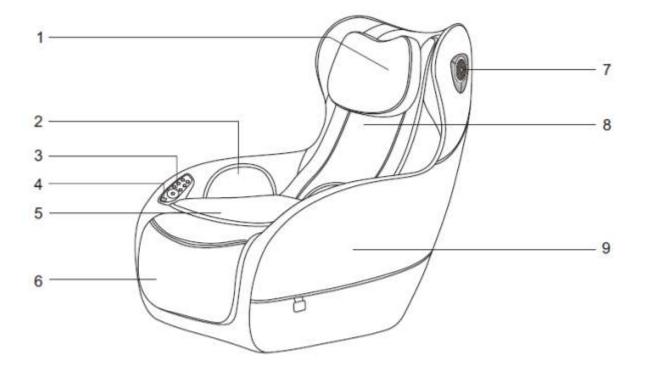

- The maintenance of the device may only be carried out by qualified personnel. Please do not disassemble or try to maintain the device yourself. Exceptions are only small maintenance works or repairs under the instruction of a technician of the supplier.
- Do not forget to turn off the power to the device at the mains after use.
- Do not use the device if the electrical plug is loose in the socket.
- If the chair is not to be used for a long period of time, roll up the cable and store it in a dry and dust-free place.
- Do not expose the device to high temperatures or long periods of direct sunlight.
- If the electrical cable is damaged, remove the plug from the socket and contact the supplier or another qualified electrical technician for a replacement
- Please clean the device with a dry cloth. Do not ever use thinner, mineral spirits, or alcohol for cleaning.
- All mechanical components of the chair are designed so that no special maintenance is required.
- Avoid contact with sharp objects with the chair.
- Please do not push or pull the chair over uneven ground. The chair must always be lifted to be transported.
- Please use the device with enough time intervals between each application. Do not have the device in constant use.

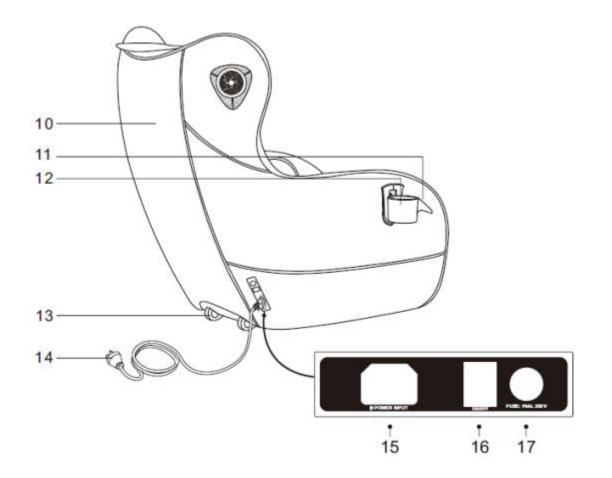

# Commonly Alleged Malfunctions 1

- It is normal for the electronic motors to make buzzing noises during operation.
- If the control unit does not operate, please check first if the electrical plug is correctly plugged into the socket and it is turned on at the mains.
- The device will switch off automatically when the set program has come to an end.
- If the device runs too long, the chair temperature protection system will switch off automatically.
- If the device switches off automatically, it should be possible to switch it on again for use after approximately 30 minutes

# **Description of Parts**

#### 4. Assembly of the Cup Holder

After you have unpacked the armchair and set it up, proceed as follows:

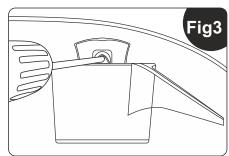

Fig1: The position for the cup holder.

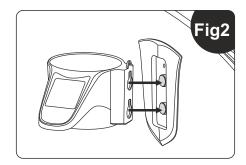

Fig2: Attach the cup holder.

Fig3: Fix the cup holder with the enclosed screws.

Fig4: Check that the cup holder is secure.

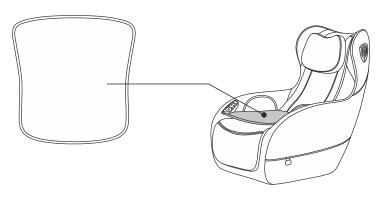

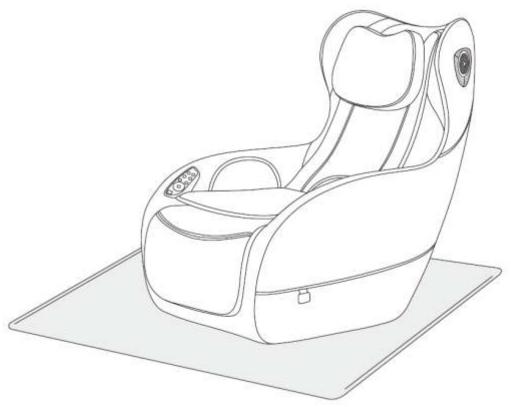

If the massage is too intense for you, you can reduce the intensity by using the extra cushion.

## **Setting Up & Transporting the Device**

## Setting up your massage chair:

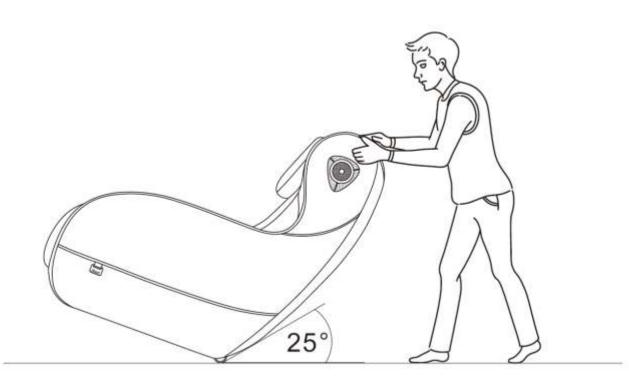

Please observe the warnings in this manual with regard to the installation site. Please take care not to place the chair directly on surfaces such as laminate or parquet, place carpet or a protective mat under the chair to avoid pressure points.

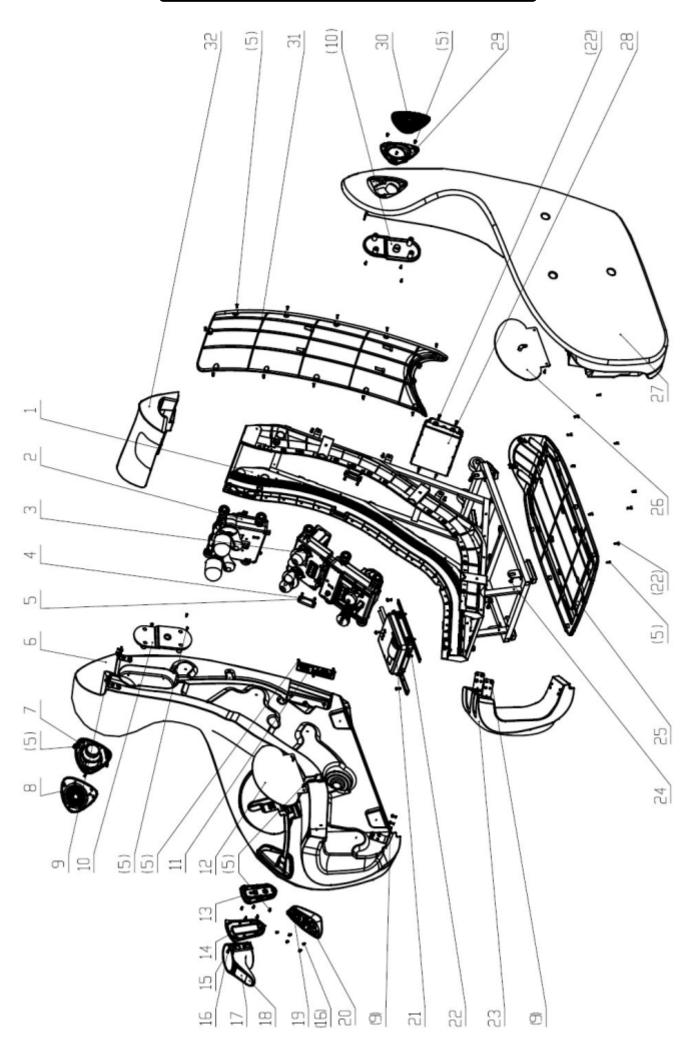

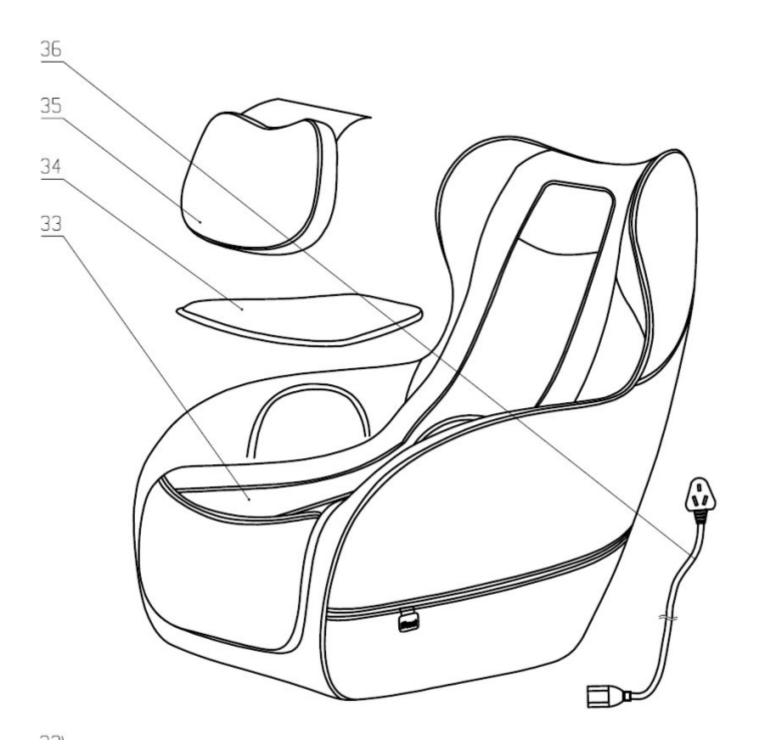

## Move your massage chair

## Before moving, please unplug the power plug!

To move the chair, first make sure that all cables are sufficiently clear of the floor. Tilt the chair backwards until the centre of gravity of the chair lies directly over the transport rollers so you can move the chair easily.

#### Warranty\*

For MAXXUS® Support Team to help you as quickly as possible with service, we will require certain information about your fitness device and about you. To find the exact spare parts required, we will need the product name, date of purchase and serial number.

If necessary, please fill out completely the Repairs Contract/Damage Report form attached to this User Manual and send it to us by post or by fax.

#### **Areas of Application & Warranty Periods**

Depending on the model, fitness devices from MAXXUS® are suitable for use in different areas. Find the appropriate area of use for your fitness device from the "Technical Data" in this User Manual.

#### **Home Use:**

Exclusively for private use Warranty Period: 2 Years

#### Semi-Professional Use:

Use under instruction in hotels, physiotherapy practices, etc. Use in a fitness studio or similar establishment is hereby excluded!

Warranty Period: 1 Year

#### **Professional Use:**

Use in a fitness studio or similar establishment under supervision by trained personnel.

Warranty Period: 1 Year

Use of your training device in an area which is not suitable for your device will cause immediate expiry of its guarantee and cancel your right to claim warranty!

Sole private use and warranty period of 2 years assumes that the purchase invoice is made out to the end user.

#### **Proof of Purchase and Serial Number**

To claim your right to service works within the warranty period we will in each case require proof of purchase. Keep your proof or purchase or purchase invoice in a safe place and in warranty cases send us a copy together with your Repairs Contract/Damage Notification. This will ensure that we can process the service work as quickly as possible. So that we can identify which model version requires to be serviced correctly, we will require; Product Name, Serial Number and Date of Purchase.

#### **Terms and Conditions of Warranty:**

The warranty period for your training device starts on the date of purchase and applies solely to products which were purchased directly from the MAXXUS Group GmbH & Co KG or one of the MAXXUS Group GmbH & Co KG direct and authorised distribution partners.

The warranty covers defects caused by production or material faults and only apply to devices purchased in Germany. The warranty does not apply to damages or defects caused by culpable improper use, negligent or purposeful destruction, lack or failure to carry out maintenance and/or cleaning measures, force majeure, operational causes and to normal wear and tear, damages caused by penetration of liquids, damage caused by repairs or modifications made with spare parts from a different supplier. The warranty also does not apply for damages due to faulty assembly or damages which occur because of faulty assembly. Certain component parts will wear out during use or from normal wear and tear. This includes for example:

- Ball bearings
   Bearing bushings
   Bearings
- Drive belts Rollers
- Switches and push-buttons Treadmill belts (bands) Treadmill decks (running deck)

Signs of wear and tear on wearing parts are not items covered under the warranty.

For assistance with warranty service or warranty repair enquiries for devices not in Germany, please contact our Service Department at MAXXUS Group GmbH & Co KGM by sending an Email to: service@maxxus.de and we will be happy to help.

#### Service Outside the Warranty and Ordering Spare Parts

The MAXXUS® Service Team is happy to be of assistance to help solve any problems with faults which may arise following expiry of the warranty period, or in cases of defects arising which are not covered by the warranty.

In this case please contact us by email direct to:

#### service@maxxus.de

Orders for Spare Parts or Worn Parts should be sent along with information on the Product Name, spare part description and number and the quantity required to:

#### spareparts@maxxus.de

Please be informed that additional fixing materials such as screws, bolts, washers etc are not included in the scope of delivery for individual spare parts. These should be ordered separately.
